Cartoon Drawing

Cartoon classes follow our same quality, step-by-step Young Rembrandts' method, with the additional fun and excitement of cartooning. The original Young Rembrandts' cartoon lessons teach children how to create new cartoon characters, draw action, movement and sound, draw expressions and convey moods, and develop a series of drawings to create a joke. While cartooning is fun and engaging, children will gain mastery in a unique drawing style and improve their core learning skills. All new lessons each session.

DANCE

Some of our dance classes are a part of a continuous year-round program with open registration occurring in August of each year. These classes are identified as **Teacher Discretion***.

Once a class is filled, a waiting list is established. Students who enroll in August for the Fall 2008 session are able to remain in the program for an entire year, as long as they re-enroll by the "priority" deadline given for each session. This occurs during the fourth week of the six week session. This "priority" registration is only for the class in which a student is currently enrolled.

- Continuing students may register in advance for all sessions listed in the current brochure.
- If you miss the "priority" deadline, your space will be given to the next person on the waiting list.
- When your name is placed on a waiting list, you will be called only if there is an opening. When you are called, you will have 24 hours in which to respond. Otherwise, we will assume that you are not interested, remove your name from the list and proceed to the next child.
- Students may be admitted throughout the year, if space permits. Contact the center where the class is held for vacancies. If the class you desire is full, request that your name be placed on the waiting list.
- Instructor approval is required for all Levels II and above.
- The Carlsbad Recreation Department does not include recitals, exhibitions, or competitions as part of its programming or fees. These events, which may or may not be offered by individual instructors, are considered optional for participants and may include additional fees/costs.
- The first 10 minutes of class will be used to take roll, answer questions and make announcements.

***Teacher Discretion has been established for the safety of the participant as well as for the enjoyment of the class. A minimum skill set is required to attend a teacher discretion class and enrollment is available on a priority basis only.**
